DETAILED ACTION

Applicants' response, which included amendment to claim 8 and cancellation of claim 10, filed on 12/2/2004, is made of record.

Claims 1-9 and 11 are pending.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

In view of applicants' response, particularly cancellation of claim 10, the claim objection made in the previous office action has been rendered moot. In addition, in view of applicants' assertion that the akanediyl definition excludes alkylidene group, the 112 second paragraph rejection made in the previous office action has been obviated.

The compound of formula I, namely trisubstituted triazine where Z is a bicyclothienyl group of formula Z¹ or formula Z², process of making, composition and method of use as embraced in the instant claims was not found to be anticipated or rendered obvious by the prior art of record. Additionally, prior art search in the relevant art area yielded nothing teaching or suggesting namely trisubstituted triazine where Z is a bicyclothienyl group of formula Z¹ or formula Z², process of making, composition and method of use as herbicide, embraced in the instant claims. Therefore, the examiner noted that the claims 1-9 and 11 would be in condition for allowance.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
